# Back to the Table with My Country Kitchen

## \$5.00 off

Back to the Table with My Country Kitchen Cookbook is a unique cookbook that celebrates the family. One cookbook aficionado exclaims: "I LOVE IT!!! I've never sat down to "read" a cookbook as if it is a best selling novel before! This is wonderful. I'm on page 46 now. I love the inclusion of your conversations with Kim. I think it's all the more special since I know the people involved, but anyone reading will be hooked. This is a TRUE cookbook, not just a binder full of recipes and acknowledgements. Actually, I don't think the word cookbook fits...this is a cooking guide! This is what a cookbook should aspire to be. You did a wonderful job. I can't wait to get in the kitchen and try out some of the recipes. I'll keep you posted on my progress though. Congratulations, again. YOU HAVE A HIT ON YOUR HANDS!!!"
